17.56.050 Fence/Cerca

- A. In the residential zoning districts, no fence shall exceed the following height standards:
 - 1. Front yard and side street yard: forty-two inches maximum height as measured from the finished grade of the lot within ten feet of the front lot line; however, chain link fences without slats may be up to forty-eight inches within ten feet of the front lot line. On corner lots and when located within a vision clearance area at intersections as defined in Section 17.56.070 of this chapter, no fence or other physical obstruction shall be higher than forty-two inches as measured from the established road grade, except that a chain link fence without slats may be up to forty-eight inches within the vision clearance area.
 - 2. Side yard: a maximum of forty-two inches in height as measured from the finished grade of the lot within ten feet of the front lot line, at which point it may be a maximum of six feet in height as measured from the finished grade of the lot.
 - 3. Rear yard: six feet maximum height from the finished grade of the lot.
- B. Barbed wire fences shall not be allowed within the residential zoning districts.
- C. Above-ground electric fences shall not be allowed within any zoning district in the City of Bridgeport.

- A. En los distritos de zonificación residencial, ningún cerco podrá exceder los siguientes niveles de altura:
 - 1. Patio de frente y calle lateral: cuarenta y dos pulgadas de altura máxima, medidos desde el nivel terminado del lote, dentro de los diez pies de la línea frontal del lote; no obstante, los cercos alambrados sin tablillas podrán alcanzar las cuarenta y ocho pulgadas dentro de los diez pies de la línea frontal del lote. En los lotes de las esquinas y cuando se encuentren dentro de un campo de visión en intersección en los cruces tal como se define en la Sección 17.56.070 de este capítulo, ningún cerco ni otra obstrucción podrá tener una altura mayor de cuarenta y dos pulgadas según se mida desde el nivel de la calle establecido, excepto un cerco alambrado sin tablillas que podrá medir hasta cuarenta y ocho pulgadas de altura dentro del campo de visión.
 - 2. Patio lateral: un máximo de cuarenta y dos pulgadas de altura, medidos desde el nivel terminado del lote dentro de los diez pies de la línea frontal del lote, al cual podría llegar a un máximo de seis pies de altura medidos desde el nivel terminado del lote.
 - 3. Patio trasero: seis pies de altura máxima desde el nivel terminado del lote.
- B. No se permitirá el uso de cercos de alambre dentro de los distritos de zonificación residencial.
- C. No se permitirá el uso de cercas eléctricas al descubierto dentro de ningún distrito de zonificación de la Municipalidad de Bridgeport.
